the 19th AIGE 2024 Conference**
on "Energy Conversion, Management, Recovery, Saving,
Storage and Renewable Systems" will be held in
Caserta (Italy) on June 3 – 5, 2024.

<http://www.aige-iieta.it/>

ABOUT THE CONFERENCE

The **9th AIGE/IIETA International Conference** and the **19th AIGE 2024 Conference** on "**Energy Conversion, Management, Recovery, Saving, Storage and Renewable Systems**" is organized under the auspices of the AIGE and IIETA with the aim of providing technical information to their members and to the scientific and industrial community at large.

IMPORTANT DATES

Abstracts submission deadline extended **April 4, 2024** (see abstract submission instructions)

Notification of acceptance until **April 10, 2024**

Final papers submission deadline **May 10, 2024**

Early registration deadline: **May 10, 2024**

A paper will not be included in the conference proceedings if the author does not register to the conference before **May 10, 2024**.

Certificates of Merit

Four Certificates of Merit will be assigned during the Conference, to be devoted to young researchers who have presented significant research results at the Conference AIGE-IIETA 2024:

- 1 for young graduate student presenting the results of the thesis;
- 2 for PhD and post-PhD students under 32 years old;
- 1 for the best paper presented by a young researcher under 35 years old.

Graduate students (PhD or M. SC.) can apply for the student competition with original research abstracts. The competing student has to appear as the first author and to be the presenting author at the Conference. **Please specify your student status when submitting your abstract.**
