

# Department of Industrial Engineering for Energy Transition

## PhD International Intensive School 1<sup>st</sup> Edition

*Towards Zero Emissions Mobility An Hydrogen Scenario*  
07-11 October 2024, Naples (Italy)  
Centro Congressi Federico II

The Department of Industrial Engineering of the University of Naples Federico II is pleased to extend its invitation to the upcoming doctoral school on "TOWARDS ZERO EMISSIONS MOBILITY". This course endeavors to delve into the latest advancements and forefront research within the field, offering a unique platform for the exchange of knowledge and the cultivation of academic excellence. Distinguished scientists in their respective fields will grace our sessions, delivering lectures and insights honed from years of scholarly dedication.

Prof. Ivan Langella  
*Technical University Delft*

Prof. Kamran Paynabar  
*Georgia Institute of  
Technology*

Prof. Timothee Pourpoint  
*Purdue University*

# DUMAREY

The program includes a seminar organized in collaboration with Dumerey entitled:

**A sustainable powertrain for reaching net-zero carbon emissions**

Speakers:

Eng. Alberto Vassallo – Eng. Francesco Pesce

Applications:

- open to PhD students
- deadline 15 July 2024
- scholarships available for international PhD students
